WWW.CivicLeagueForNCC.Org

Continuous and prominent for over fifty years, we are a grass roots, non-profit, non-partisan, citizens organization, broad ranged, yet most focused on our County government. The Civic League is composed of surrounding civic associations, umbrella civic groups, and individuals who share a concern for the quality of life and the economic growth in New Castle County. We welcome volunteers willing to work on the problems that accompany the rapid growth taking place countywide.

Historically the Civic League has been instrumental in these progressive changes:

- Reorganization of County Government
- Development and funding of a modern county police force.
- Adoption of a comprehensive planning process.
- Adoption of the first State Highway Priorities bill.

We continue to study and address the issues surrounding growth and delivery of County services.

We initiate comment on:

- Comprehensive Plan updates
- County Budget and key County ordinances
- State legislation that affects New Castle County

In addition, our members:

- Participate in County Government workshops
- Serve on diverse boards and committees of County, State, and the Federal government.
- Provide educational forums on County government.
- Assist new civic associations.
- Partner with other organizations addressing environmental governance issues and assist in funding such undertakings conditional to available funds.

The Civic League distinctly offers:

- Overall County-wide focus
- Continuity through core groups with expertise gained over 35 years of membership as well as the new generation's welcomed fresh approach.
- Communications through a monthly newsletter, public meetings, a web page, and public workshops.

Upon request, we can offer knowledgeable speakers to civic groups on these topics:

- Deed Restrictions
- Parks and open space
- Transportation issues
- Water
- Environmental issues

We can use the support you give by simply joining; however, we would also like to have you participate in one or more of the following areas: (Please indicate your area of interest)
